EXPERIENCE

Capgemini Technology Services, Hyderabad- Associate Consultant

(Oct 2022 - Present)

- Worked as a consultant in the Finance module of **Oracle IFS ERP** and **SAP FI**. Was responsible for storing and managing data within the ERP system.
- Worked on writing **SQL** queries for data extraction and manipulation from Oracle Database. Utilized **Excel** extensively for in-depth data analysis.
- Created and Maintained General Ledger Accounts, Accounts Receivable, Accounts Payable, Asset Accounting data of the clients.

Amazon Development Centre, Hyderabad- Software Development Intern

(Jan 2022 - July 2022)

- Created a Testing FrameWork which takes JSON files as input for one of the document generation libraries which saves ~1 day effort of the client for library setup and ~1 hour of deployment for each change.
- Worked on the backend using **java**. Fixed some bugs and made minor changes in the service application as per the requirement.

EDUCATION

BITS Pilani, Hyderabad Campus (August 2018- May 2022)

B.E (Hons) Electrical and Electronics Engineering and **Minor in Data Science** - 8.63/10

PROJECTS

Movie Recommender System – Recommendation Systems

Developed a **content-based** movie recommendation system using **python**, leveraging **NLP** for feature extraction and implemented a user-friendly interface using **Streamlit**.

Laptop Price Predictor - Regression

Performed exploratory data analysis (**EDA**) on a dataset, applied various **regression** algorithms to construct a predictive model, and culminated by deploying the model into a user-friendly website interface using **Streamlit**.

Amazon Price Checker - Web Scraping

Built a python web scraper using **BeautifulSoup** library which scrapes data from amazon product page.

Data Visualizations- Power BI, Tableau

Crafted Power BI **visualizations** from a survey of Data professionals in the current market and developed a **tableau dashboard** showing crucial visuals for enabling data-driven decision-making when establishing a US based Airbnb.
